# Introductory

---

The present volume constitutes the 1947 edition of Henderson's Directory of Regina. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

**THE STREET AND AVENUE GUIDE** starting on page 27 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

**THE ALPHABETICAL LIST OF NAMES** of citizens, business firms and corporations starts on page 145.

**THE CLASSIFIED DIRECTORY** at the end of book, exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

## **REGINA POPULATION, 65,200**

The Directory estimate of population is based on the actual number of individuals' names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Regina Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Regina may be obtained.

## **ADVERTISING REGINA**

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city, the publishers have placed copies of this issue of the Directory in libraries across the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Regina, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

September, 1947

## **PUBLISHERS' NOTE**

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES LIMITED,  
PUBLISHERS.

# Regina

Regina Capital of the Province of Saskatchewan is situated 327 miles west of Winnipeg on the Canadian Pacific Railway main line and is the largest centre of population for Western Canada. Incorporated as a city in 1903, with a population of 3,000 Regina has grown rapidly and steadily and is recognized today as the fourteenth city in size in the Dominion of Canada.

The city was named as the first train arrived at 3 o'clock August 23 1882. Princess Louise Duchess of Argyll wife of the then Governor General of Canada. In honor of Queen Victoria.

The first large load of freight freight arrived in May 1880 and subsequently a regular train ran up where the new bridge carries on main track of the across Wascana Creek from north to west of the centre of the city.

The selection of the townsite of Regina was arranged in 1877 by the Canadian Pacific Railway Company. Early in 1883 an officer of the North-West Mounted Police was sent to select a suitable place for the headquarters of the force which had previously been at Winnipeg. On his return the lands at present occupied by the barracks were selected.

At this time an agreement had been entered into between the Dominion Government and the Railway Company to enter into partnership regarding certain lands one of which was on the west of Government for the North-West Territories. Acting under this agreement the General Manager of the Railway Company sent A. C. Van Horn and Mr. Leach to the Governor of the Territories and four sections 19 and 20 Township 14 Range 19 and 24 and 26 Township 14 Range 20 west of the second meridian to constitute the Townsite of Regina. These sections were subsequently sold to the Western Order Survey, which was upon these sections and the city of Regina was not proceeded with on the Federal Government and the Railway Company.

The arrangement for the purchase of the townsite by the Townsite Trustees was made by Order in Council of 29th November 1900 and by further order in Council of 6th April 1901 the property to the Municipality of the City of Regina which had reverted to the Crown was authorized.

In March 1883 when the Foundryman was started Regina had been a small town on the Canadian Pacific Railway but after that time the headquarters of the Division was removed to Moose Jaw.

By Order in Council of 1st March 1883 the Town of Regina was declared to be a town and the jurisdiction of the North-West Territories in respect of Regina was transferred.

In the Spring of 1884 the first school was opened in Regina. The original location of the school was on the corner of Broad Street and Victoria Avenue.

In the Spring of 1884 the first school was opened in Regina. The original location of the school was on the corner of Broad Street and Victoria Avenue.

May 17 1883. The first school was opened in Regina. The original location of the school was on the corner of Broad Street and Victoria Avenue.

The first school was opened in Regina. The original location of the school was on the corner of Broad Street and Victoria Avenue.

The first school was opened in Regina. The original location of the school was on the corner of Broad Street and Victoria Avenue.

In 1907 the city of Regina was one of the first in the world to have a city council. It was then that the city was first organized as a municipality.

The first mayor of Regina was John W. Galt. He was elected in 1907 and served for one year. He was a member of the Liberal Party and was a successful businessman.

Non-residents of Regina who have lived in the city for a year or more are eligible to vote in the municipal elections. The first election was held in 1907 and the first mayor was John W. Galt. He was a member of the Liberal Party and was a successful businessman.

The city of Regina is the capital of the province of Saskatchewan. It is the largest city in the province and is the center of the province's government and business.

The city of Regina is the capital of the province of Saskatchewan. It is the largest city in the province and is the center of the province's government and business. The city is located on the banks of the South Saskatchewan River and is a major center of commerce and industry in the province.

## CITY GOVERNMENT

The Government of the City is vested in a Council. It is what is regarded as a municipal form of government. The Council is composed of seven members, one of whom is the Mayor. The Mayor is elected by the voters of the city for a term of four years. The Council is responsible for the administration of the city and for the passing of by-laws. The Council also has the power to appoint and dismiss the Mayor and the members of the Council.

## FINANCIAL CENTRE

The city of Regina is a financial centre of the province and is the largest city in the province. It is the center of the province's government and business. The city is located on the banks of the South Saskatchewan River and is a major center of commerce and industry in the province.

A large number of banks and financial institutions are located in the city. The city is also the center of the province's insurance industry. The city is a major center of commerce and industry in the province.

## RAILWAY CENTRE

The city of Regina is a railway centre of the province and is the largest city in the province. It is the center of the province's government and business. The city is located on the banks of the South Saskatchewan River and is a major center of commerce and industry in the province.

## DISTRIBUTING POINT

The city of Regina is a distributing point for the distribution of merchandise throughout the province. The city is the largest distributing centre of merchandise in the province. The city is located on the banks of the South Saskatchewan River and is a major center of commerce and industry in the province.

## MUNICIPALLY OWNED INDUSTRIAL SITES

The city of Regina has a unique advantage for industrial development in that it owns a large portion of its original land. The city has 300 acres of land which have been set aside for a municipal industrial area. This property is only three blocks from the downtown business and financial section and is exclusively reserved for wholesale and manufacturing purposes. The area is paved and the property is served with a spur track, sewer, water, power, gas and street railway. Its freight depot and unloading platform are convenient to the entire area while a 100 ft. wide six miles of shore truck frontage is available. Such control by the city prohibits speculation with industrial site property. Located in the city are 90 industries, 177 wholesale businesses and 388 retail establishments.

## MUNICIPAL OWNERSHIP

The City of Regina has been the first in the province to own its power and water systems. It has an abundant supply of water for all purposes which is supplied at a low cost. It is the only city in the province which has a municipal water supply.

## CENTRE OF GRAIN GROWING AREA

Regina is the grain capital of the world. Each year it is the principal market for the grain of the Dominion and around it is the largest grain storage and distribution centre. A product of the grain is the grain elevator which is the most important part of the grain industry for the past sixteen years.

## LIVE STOCK

Regina is the largest live stock market in the Dominion. There is abundant evidence that she will, in the not distant future, become the largest live stock market in the Dominion.

At the Royal Winter Fair, Toronto, and at the International Exposition, Chicago, Regina has been the only live stock market in the Dominion to be represented over a long period of years.

An increase is shown in the cattle population of the province, and consequently in the live stock market. Regina is the largest live stock market in the Dominion and the only one of its kind.

Regina is the largest live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

## EDUCATIONAL CENTRE OF PROVINCE

Regina is the educational centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

Regina is the educational centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

Regina is the educational centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

## CENTRE FOR THE TOURIST TRAVEL

Tourists going north or south or east or west find in Regina a charm and a beauty which is the most beautiful in the Dominion.

Regina is the tourist centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

Regina is the tourist centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

Regina is the tourist centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

Regina is the tourist centre of the province. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion. It is the only live stock market in the Dominion which has been the champion of the live stock market in the Dominion.

**Figure 6.** The effect of the number of iterations on the accuracy of the proposed algorithm. The error rate decreases as the number of iterations increases. The error rate stabilizes at approximately 0.01 after 10 iterations.

4. Principles of Law

1724 Lieutenant, 7th Co.

34. Theorem 34

1981

It is a common mistake to think that the only way to avoid the problem of the *de re* modal operator is to restrict the domain of quantification to the actual world. But this is not the case. The problem arises from the fact that the modal operator  $\Box$  is *de re* and not *de dicto*. If  $\Box$  were *de dicto*, then the problem would not arise. But since  $\Box$  is *de re*, the problem arises. The problem is that the modal operator  $\Box$  is *de re* and not *de dicto*. If  $\Box$  were *de dicto*, then the problem would not arise. But since  $\Box$  is *de re*, the problem arises.
